The Premises:

Candy has a really stylish ethnically themed pad just a few minutes' walk from the underground. It's full of interesting artefacts and amazing furniture which reflect Candy's personality. This is so much more than just a work place; it's really Candy's home, and it feels like it. Spotlessly clean, with hot shower and nice towels, it's a lovely place for a meet.

The Lady:

Candy is a voluptuous, fabulously curvy black lady. Very pretty, with long hair in ringlets, which has been dyed a dark blonde. Candy is sex on legs, but it's her warm and charming personality which really sets her apart. She's one of the warmest, most cultured ladies I've ever met, interesting and interested in so much. One in a million!

The Story:

Those of you who may have read my reports before will know that I usually go into great detail and give an intimate, blow-by-blow account. I'm not going to do that with Candy, because it just wouldn't feel right. This was my second visit to this wonderful lady; the last visit was over a year ago, yet Candy instantly recognised me and even though it may sound like a cliché, it really was like meeting up with an old friend. When we settled down on the sofa and got chatting it all felt so natural and I quickly dropped the role play scenario I had in mind and the passion just evolved spontaneously. Afterwards we chatted in the most relaxed and friendly manner, and I was way over my hour before I very reluctantly had to make the move to leave. Candy is the perfect partner for someone who is looking for more than just hot sex. Don't get me wrong, I still like the basics, but being with Candy was wonderful for a change from my usual type of meeting. And Candy, as well as being a charming and interesting companion, is also very good at the sex part, don't worry about that. A great lady, I strongly recommend her to decent and discerning gentlemen who appreciate a sexy and cultured lady.
