The Story:

Saska advertises on another site where there are photos of a completely different person. When I rang her she offered me a twosome with her friend and directed me to the profile with pictures of the two of them. Looked very tasty so I agreed. Neither girl is anything to do with the girls in the pictures. I could have walked away but in fact these two girls were very friendly Polish girls who don't seem to be career hookers. In fact all I got was about 25 mins of very amateurish rubbing which was supposed to pass as a massage and about 5 mins of tugging - repeated after a short break. No nudity, no penetration, nothing! To be honest I didn't mind that much as I was so knackered I welcomed the lie down for an hour.

Be warned though - check very carefully if you're visiting someone near the Holloway Road whether they are actually who they say they are!
