The Story:

Louise greeted me in a see through black number. She has long raven black hair, and a delightfully proportioned body and her enhanced boobs are wonderful ? a real treat for boob lovers, large but naturally shaped. Her areolae and large suckable nipples are a real turn on too. She has a small tongue piercing and also a small tattoo on her lower back. In many ways she resembled a younger version of Ava Addams, an American porn star I like very much.

We chatted and smooched a little in the kitchen and after my shower went through to the room. Our encounter soon became raunchy and energetic.

Her pussy is delightfully responsive to oral play and Louise was thinking ahead to where we could position the mirror in the room to watch ourselves fucking (this is usually a concern of mine). She clearly enjoyed penetration, encouraging me to be faster, harder and deeper. She also enjoys dirty talk and her subsequent loud moans enhanced the excitement. We ended up egging each other on to see who of us would come first. It was completely wanton and very sexy.

I'm confident we thoroughly enjoyed each other's company, and we have already discussed fantasies and scenarios for future encounters. As Natalie Portman is the talk of the Oscar season, it is fitting that Manchester Elite has the Black Swan-like raunch and guile of the deliciously sexy Louise in their midst.

Very highly recommended.
