### The Premises:

Ground floor apartment in a terraced town house located between South Kensington and Gloucester Road tube stations on one of the busier thoroughfares. The room that I was allocated was pleasantly furnished and had an ensuite shower/toilet - certainly suitable for the job at hand.

### The Lady:

Pretty 20 something dark brunette, slightly above average in height, slim, small-medium breasts, narrow landing strip between the legs, kissable lips, single tattoo just above shoulder blade.

### The Story:

My first time at HoD's. Thought it was about time I checked them out to see what the fuss was all about.

I was really stressed from a couple of bad weeks at work and to be honest wasn't really in the mood for punting. Proceedings started off promisingly when Izabel embraced me as I emerged from the shower room and kissed me passionately. And then things got better still.

Much to my surprise, she had no difficulty in firing me up at the start and keeping me fired up throughout the session. She provided all the services listed on her webpage plus a few more that weren't. I finished by coming inside her (covered) which is a pretty rare occurrence for me - I normally prefer a hand finish.

I left feeling at peace with the world which is always indicative of an excellent punt. My only regret was the years of missed opportunities through not trying HoD before. Wish they work weekends.
