The Premises:

Basement flat located in a quiet street a couple of minutes walk from High Street Kensington tube. The flat is open and quite spacious, with the bed in one corner (mirror nicely situated alongside it) and a sofa opposite. The bathroom is small but clean. The hot water wasn't working properly when I was there (it was tepid at best) but I'm sure that's just a temporary glitch. Everything was neat, tidy and with a nice ambience about the place. Definitely one of the nicer flats I've visited.

The Lady:

Phoenix is a beautiful girl with lovely long silky hair, nice curves, a slim waist and enhanced breasts which are firm to the touch. She's a little taller than average - 5' 3" is probably accurate, if not an inch or two taller - but she does look older than her photos suggest, I'm guessing mid to late twenties.

The Story:

Phoenix was an impulsive spur-of-the moment punt, which is unusual for me. I spotted her sizzling photo set on Olina's website and immediately decided I had to see her, picked up the phone and made a booking for later that evening.

Phoenix greeted me wearing a short tight-fitting PVC dress that showed off her wonderful décolletage, plus fishnets and heels (as requested). I have to say she looked absolutely stunning! I was offered a drink and asked if I wanted to freshen up, so Phoenix undressed me and led me to the bathroom and left me to shower whilst she checked in with the agency.

Leading me to her bed she warned me to talk quietly - she's obviously concerned about her upstairs neighbours, so be warned, noisy lovemaking is probably not an option with her! She told me that she's only been in London for one week and her English is quite limited, but as I'm able to speak a little Thai between us we were able to communicate okay and I think that helped to put her at ease and have some fun with me.

Seeing as she is a novice I was happy to lie back and let her take the lead. It was a little disappointing to find that DFK was off the menu, but she was enthusiastic with her kisses

elsewhere, paying particular attention to my nipples, and although OWO wasn't the best I've had, I did like the way she flicked her tongue around my shaft. She seemed to get quite into it after a while, tossing her hair around, kissing my neck, and pulling down her dress to release those nicely sized breasts which she then rubbed against me. After removing her thong and rubbing her pussy against my groin it was on with the rubber and we fucked with her in cowgirl position until I shot my load.

Phoenix then offered to give me a massage to relax, and I have to say she gives one of the best I've had - some other WG's are somewhat slapdash and half-hearted with their skills, but Phoenix has a strong technique that really worked for me. I then asked if I could lick her sweet-tasting pussy, flipped her onto her back and engaged in some DATY action for a while. As I rose to attention again she oiled up my cock and gave me a nice handjob, alas I was too tired to pop for a second time before my time was up.

Overall Phoenix is a beautiful girl with a professional, soothing manner about her. Her skills and services are rather limited right now as she's new to the business, but I'm confident she'll blossom given time.
