Not so sure about the '33 years old' quoted!!!! Certainly looked older.

The Story:

Taken straight upstairs to a small bedroom with double bed. Duvet cover looked very dirty as was the white wall next to the bed with hand marks (I assume). Almost decided to back out then, but I had paid the money. Laid face down for massage, which was some reasonable work on the shoulders followed by token gesture on back, then ends of fingers lightly over back for almost five minutes!!! I had to suggest we moved on. When rolled on to back, I could easily see why the duvet was so grubby. All those oily backs on it before me.....yuk. Perfectly acceptable oral but soon after I suggested we got on with it, so to speak. Finished off with Carrie Lou on top. I then opted to leave, with at least ten minutes still left to go. A visit I desperately want to forget. And, with respect, I very much question the Punternet report she quotes in her ** page. I will certainly not be returning
