The Premises:

As reported, and nothing more to add. Not -- for me, anyway -- quite as nice as the "HoD Empire" flats but serviceable enough. Furthermore, the maids at Angels are considerably more friendly than they once used to be so it's becoming a genuinely pleasant place to visit. And good maids, as I've observed so often before, really do make a massive difference. Add in the 50 quid half hour rate (before 3pm) -- and to me at least the tenner does make a difference -- and Angels is finally rounding into shape as a viable alternative on the MK scene. This parlour is A LOT better than it was 12-18 months ago.

The Lady:

This -- Physical Description -- is a hard section to fill in for Louise simply because it begs for judgment. Louise is a size 12 (according to the website) girl next door and, well, that's what she looks like. She's pretty in the way that size 12 girls next door are; to be certain, I found her attractive. Is she a head turner? No. A model? No. A stunner? No. A teenage nymph? No. She's got a bit of a tummy, probably a bit of a bum, she's got smallish (but lovely, firm) boobs, and she's closely trimmed (or was when I saw her...not quite fully shaved.) But the sum is so much more than the parts...she's sexy. She has a lovely personality. And she knows how to listen to you, respond, and make you feel good.

The Story:

I loved Louise...thought she was just a great girl. Friendly, responsive, natural, thoughtful. Never OTT, never in a hurry, no stupid faux-moaning, pays attention to your pace, natural, spontaneous snogging while in missionary (which I love); the sort of girl who if given the time and absent any demands that she act like a porn star really knows how to deliver top-class, girl-next-door sex. Can't quite put my finger on why this punt was so good...for me, it just clicked into place. Really nice girl...really natural half hour. She may or may not be for everyone, but Louise is a gem.
