The Premises:

read my other reports on the place itself, well known place.

The Lady:

cant remember exact date but here goes.. sheeba is listed as half pakistani and half british. for some reason she doesn't look it, but it is quite hard to say when you see her... so i suppose seems about right i guess. she is probably a few years older than what she is listed. but than again most girls at this place are always listed younger than they are.

The Story:

was her first day here i think, she was very good at talking dirty. allows you to see her bumhole, just one of those dirty type of girls. she is not shy and open for most things. nice girl, friendly, dirty, she is tall and leggy. was her first day and she seemed a bit rushed but other than that can not complain about the service. not bad at all overall.
