The Premises:

Large pleasant flat above shops. Suspect others work from here too.

The Lady:

Black, English, size10, average facially. Attractive enough if you like the type, and I do.

Personality almost withdrawn. Student doing this to fund degree, and not at all into it, and not terribly skilful if it comes to that, and seemingly not bothered about the fact, and not suited to the work frankly.

The Story:

Sensitive nipples meant that was out. No OWO despite advertised on profile. NB lots of other stuff advertised also verboten. This was neither a PSE or a GFE but a plain vanilla session delivered pretty unconvincingly.

Covered oral (toothy) followed by sex in cowgirl and doggie. The latter session was split as she got cramp. Got restarted, in spite of rough hand technique, and she did get me off in doggie so a box ticked positive there.

Left early as I felt pressured to, unusually for me. Can't recommend as the negatives massively outweigh the positives. Would be very surprised if she gets many regulars.

Man meat moment du jour:

'Are many clients weird then?'

'They're all weird'

'Thanks'
