The Premises:

In safe area, anonymous door, not far from centre of town (5-10 mins walk). House was clean spotless bathroom, clean room although suspect towel on bed not changed often.

The Lady:

Medium or slightly shorter height, average to slim build, large breasts, very white skin. NOT oriental, but Polish (although I had asked for details on phone and knew this). I still went because I had run out of time to go elsewhere...!

The Story:

I had seen her before, I realised. A nice person, friendly, but quite businesslike and rather bossy. She put limits on what could be touched - only light licking of nipples, no real sucking. No touching at all of the pussy area. Licking of clit allowed, but nowhere else. She used lube - lots of it - and I had trouble feeling much, so I didn't come and she had to finish me off. Oral technique OK but not stunning (but then, not many are, these days).

I stress that she was very nice, but ultimately rather unsatisfying.

Some of the oriental girls at this place have been very good.

I'm putting 'Yes' to the recommendations - but with reservations. Given the chance, I'd wait for another girl.
