The Premises:

Typical walk-up. Unlike the top floor flat this is pretty depressing with a smoke alarm constantly beeping

The Lady:

5'7 ish, slim, dark hair. OK looks. Claimed to be Spanish from Barcelona - not sure.

The Story:

A quick oral and sex. I was looking for my favourite, Alice, who used to be in here on a Tuesday but who I haven't been to see since before Christmas. She answered the door with a smile and seemed pleasant enough.

Once money had been paid she took her knickers off but left her bra on. When I asked her to remove this she complained it was cold. She did eventually remove it but made a real fuss about it.

Oral lasted for about a minute and she never took more than an inch into her mouth. Sex was in missionary with her legs raised up and a hand reaching around to stop me from thrusting deep (I'm very average). When it was finished I tried to chat but she just left the room.

I know we shouldn't expect miracles. I know we shouldn't expect the girls to act like they are in love with us. But a little more warmth and effort wouldn't go amiss. If someone talks to you at least engage a little back.

Avoid.
