### The Premises:

In a block of part-residential, part office apartments on the 2nd floor. Entry via intercom. Block was in a main road but no safety problems

### The Lady:

Regrettably she was not as described (as usual) on the other site. About 5'5 with nice enough breasts but nothing to write home about. In this instance, you don't "get exactly what it says on the tin"

### The Story:

Having been guided by her profile I was very much looking forward to a shag with an Indian lady. But on this occasion she was working to order, phoned her "boss" to confirm booking. Got her clothes off, made sure she was protected with various creams & oils and started sucking on my old man (which at least was nice, owo). On attempting to penetrate her, she seemed to be a virgin, not that I've had a virgin, as something appeared to be stopping me getting into her properly. After two more attempts, I withdrew and asked her to finish me off by blowing me again. Not a satisfactory experience overall
