The Premises:

Rather shabby downstairs but much better in the "work rooms" upstairs. The front room, which we used, is very large, clean and airy. Plenty of free parking nearby and on a bus route.

The Lady:

Voluptuous Indian woman, yes definitely a woman not a girl! Late twenties, possibly early thirties. Large boned (her description) with good breasts and a lovely curvaceous posterior, very much in the tradition of what an American might describe as a broad. Pleasant outgoing, friendly and obliging nature. I could have spent time with a new Czech girl, Jenny I think, who was also very fullsome bodied, but as I had been meaning to see Sammy for some time I chose to wait about ten minutes for her. Jenny, another time perhaps!

The Story:

A very pleasant and unrushed session with a very obliging lady. She was happy to oblige all of my desires within the limits of safe sex. She also made use of a small condom just for her finger which was a new and pleasant experience.

We had sex in a couple of positions starting with doggy and that wonderful view of her beautifully spreading posterior. She then, at my request laid on her back, bottom on the edge of the bed and ankles up near her ears whilst I pumped happily away. She seemed genuinely appreciative of the depth my thrusts achieved in this position. Eventually I reached a pleasant and very satisfying climax, thank you Sammy!

Strongly Recommended.
