The Premises:

Flat located in a quiet side road inbetween Sydenham High Street and Lower Sydenham so it feels safe. Generally the place could do with some work, but it's not in bad shape. The bedroom is by far the best decorated room. Incense sticks and candles give the room a nice atmosphere. Porn plays on a TV mounted high in the corner of the room. A guy

The Lady:

Slim long haired brunette of Latin descent. Nice tanned skin, dark eyes, not very big boobs and fully shaved. She looked quite young to me, perhaps 19-22 and she has a sexy and husky voice. Overall, quite appealing.

I'm not 100% sure the pictures of her on the website are her (although she is not far off), but I'll give them the benefit of the doubt as all the other girls I have seen at this establishment do have genuine photos.

The Story:

Went for the 30 minute OWO sex option. No massage to start, instead straight into the OWO, during which she knelt beside me so she was in reach of my wandering hands although she didn't seem too keen on me touching her pussy. Her 'delivery' was not the best, but it was nice. She used a slow, gentle technique and there was no eye contact, which personally, is not a bad thing. The best thing about it was that it went on for quite some time.

When we went for the sex, she put the condom on over the top and left me to do the rest and then she fuffed about a bit by the side of the bed, wiping herself and putting on some lube. By now I had realised that she was either quite shy, inexperienced, or both and I had lost my 'excitement' a bit. I had to squeeze myself into her and I almost gave up but she despite her shyness / inexperience she let me hold her legs open quite wide and soon I was getting a nice rhythm going but she had her hands on my stomach stopping me from going too deep, but as I climaxed she seemed to relax a little and even writhed about under me.

The only bit I didn't really like was when I pulled out there was a hint of a whiff coming from her (yes

we all know what I mean), thankfully this was not present during the actual sex as that would of totally put me off. I wouldn't let it stop me from seeing her again.

We finished off with a chat and a massage before I left.
