The Premises:

She operates from a semi in a very good clean and safe area, ample safe street parking, however she prefers you to park about 100 yards up the road by the Post box. On arrival walk down the drive and use the side door.

The Lady:

Mid 30's and a bubbly BBW no dangly bits everything is pretty well toned up and a pair of tits to die for. Plus she dresses in very sexy outfits if your not hard walking down from the car you will be as soon as she opens the door.

The Story:

This young lady really enjoys her work and puts a lot into it. All her orifices are available if you treat her right and her 'O' levels are out of this world. Plus 'A' levels are getting better as this is a relatively new addition to her already excellent services.

She is very versatile and likes to entertain more than one client at a time she also does out calls if sufficient notice is given.

All round she is a little sex machine who is extremely popular so dont be surprised if you have to wait for your meeting.

In my opinion VFM she is by far the best in the Blackburn area.
