The Lady:

Not as good looking as her photos on at least 3 agency websites, but very good looking anyway. I guess we have to accept that all pictures these days are photoshopped. I have visited her before, so I know this already.

The Story:

I visited her through another agency that does not give permission for PunterNet to publish reviews. However, she also works for Agency Barracuda.

I did not plan to visit an escort on that day. However I was travelling back with an attractive female colleague from work, on the tube, that day. After chatting briefly, she began to read a newspaper and I looked towards her paper to also read it. I noticed instantly that her right nipple was accidentally exposed through her low cut top, peeping out from a loose bra, and what a gorgeous erect big brown nipple, sitting atop a pearly white breast, it was.

This got me so horny that I just had to visit an escort. So I visited Laura for a second time. She is not so great for kissing, but I knew she would give me a great bbbj to completion. I needed this desperately because my tube companion had me so aroused. Laura commented on how hard my willy was, but I resisted the temptation to give her an explanation.
