The Premises:

One of the larger hotels on the M4 corridor near heathrow. Sat in Lobby for 10 minutes while she got ready for me. Room was spacious and comfortable

The Lady:

Stunning indian girl, mid 20's (probably), wearing a red sari, red lipstick, and high heels.

The Story:

Kareena is a breath of fresh air as far as indian girls are concerned, she kisses passionately, does OWO, RO and most other standard services with equal passion and self enjoyment.

Always nervous and excited when meeting a girl in a hotel but need not have worried as Kareena put me at ease straight away by starting to french kiss me passionately.

After about 10 minutes of snogging, she took her red sari off to reveal some sexy red lingerie. I noticed her toes were dainty and very sexy with red polish on. Immediately took her feet out of her shoes and started palying with her toes, sucking and sniffing on them. This got me stiff straight away. She then sucked on my cock, and on my request made it wet with her spit. A prolonged session of 69 was performed with me sucking and licking on her clit. All this was encouraged by some mutual filthy talk.

Had a great sex session next, firstly in reverse cowgirl, followed by cowgirl which was quite vigorous. This was followed by mish and then doggy untill I was exhausted. She gave me a handjob to completion while telling me dirty stories about how she got fucked by some of her other clients.

We had a break, some chit chat, and round two consisted of a wanking session as I once again appreciated her sexy toes

A very enjoyable session was had with a beautiful indian girl. it is worth mentioning that Kareena has a sweet personality and is very giving and never a clock watcher. I will certainly see her again
