### The Premises:

Nice flat in a nice area of town, and very clean too. Plenty of parking on the street - when I called to ask for the actual building number, I had bizarrely parked right outside the door. She must have been sending me telepathic signals or something!

### The Lady:

Absolutely beautiful girl. She looks good in her pictures, but her breasts seem bigger in real life, and she has such a nice smile - it's a shame she doesn't make more use of it in her pictures! As soon as she came out wearing a short white dress with her boobs spilling out, I knew I was in for a good time.

### The Story:

I'll be honest, I've had my eye on Camilla for a while but held back because her profile seemed to focus a lot on the domination side, and I prefer GFE. I'm a complete numpty! Started off with a massage, which was very soothing, and soon became very arousing when she started using her whole body, especially those magnificent breasts. A bit of talking in between, mixed in with a few jokes from Camilla. She is a really friendly girl. Then onto the best OWO I have had since.. Well, I can't even remember it was so long ago. Then sex with Camilla on top, then doggy, then me on top. Back to some more amazing OWO and finishing with more doggy.

Really, really nice girl - funny, genuine and very friendly. I'm gutted I've not seen her before now, so I'll definitely be seeing her again. The only problem is she let me see her sister Nicole too - how is a man supposed to choose between two absolute stunners?!?
