### The Premises:

Veronica lives in a very clean flat near Gloucester Road tube. Its a nice area and quite safe. A little exposed standing at the door but was soon let in.

### The Lady:

Veronica looks very like her pictures and has the most amazingly sensitive tits.

### The Story:

Don't believe the pictures on the HC website, Veronica is MUCH HOTTER in real life. Standing there in her tight mini skirt and black high heels she looked incredibly fuckable. By her own admission she LOVES SEX!!

Veronica is a gorgeous Russian lass and although her English is not fantastic it is good enough for a reasonable conversation if you speak slowly.

The paperwork dispensed with I was offered a shower which I gratefully accepted,

Veronica returned to the room with a drink and we chatted for a few minutes whilst I gently rubbed her bare legs but resisting the temptation to shove my hand up her short skirt.

Soon I needed to kiss her and guys, Veronica really does enjoy kissing with plenty of tongue/

Standing her up I soon had my hands under her skirt and grabbed a handful of those luscious looking boobs - no underwear and everything felt fabulous. Veronica has the most gorgeous smack-able arse and very juicy, per tits. Soon I had to have her naked (whilst asking her to keep her shoes on) so that I could get at those gorgeous breasts.

Veronicas tits are a wonderful handful and the nipples get quite hard when aroused. She loves to have them gently sucked and played with and she purrs gently whilst you do it. All the while I gently (very gently or she will tell you off) spanked her gorgeous rear end.

Next it was onto the bed for some fantastic oral, now guys this is where Veronicas talents come

right into play, this girl just loves to have a cock in her mouth and gently sucked me for some 10 minutes whilst looking up at me. After a while I gently began to push my dick further into her mouth and by the sounds she was making I felt that she was really getting into it until eventually I unloaded in her mouth.

Not being 21 any-more I need time to reload so we spent the last 15 minutes or so chatting until she walked me stark naked back to the front door.

I have to return to sample her other undoubted delights at a later date.

I think I am on love - seriously guys you should go and see her but please do be nice to her.
