### Details of Service Provider:

### The Premises:

Well known small walkup with single bed. Clean enough.

### The Lady:

Stunning tallish slim Hungarian brunette with clear complexion, in tiny bikini showing lovely C cup boobs and a strikingly well executed tattoo over the left side of her waist.

### The Story:

I asked for 69 and sex at ?40. She pointed out it was a 10 minute service and upsold me to 20 min for ?55. She was so gorgeous and I had read good reports of her so thought I would be ok. I disrobed and lay on the bed while she dealt with the finances.

She looked even better with her clothes off - cleanly shaven below and not a hint of sag on those boobs. She seemed a bit worried about my piercing, although I assured it would not tear the condom. She teased me to a state of hardness although not with any degree of subtlety or finesse, whilst I checked out her chest - natural, in my opinion. Then with the condom on she straddled me and I was able to review what was on offer below - and very lovely it was too.

I thought I was doing rather well - much better than she was, in fact. She kept interrupting some fairly hard sucks with vigorous (relentless, even, since she refused to relent) hand action and it became quite clear that she was trying to bring me off as quickly as possible so that we never got to the second part of the bargain.

And so it continued - not for very long, of course, because with that degree of pounding you don't last long. She achieved her aim, gave me a perfunctory wipe, admired my tattoo and that was it.

Of course YMMV if you don't have a piercing; however, having been upsold and then finished off in less than 10 minutes, I felt utterly ripped off. She is beautiful, yes; but my advice is just look and leave. Shame really; I was expecting much better. If she was worried about the piercing she could have used two condoms or even refunded me the money. That at least would have been honest.
