End of terrace in a culdesac. She said it was so untidy because she had recently moved here. A field report from 2009 says it was the same then.

Bedcover grubby, curtains and patio doors open!

The Lady:

Overweight, very posh, nice tits.

The Story:

Possibly the worst punting experience of 25 years in the sport!

I should have spent a bit more time on here looking, would have found the other report on her from 2009 if I had. Getting to see her was like facing the Spanish Inquisition. When I got there her idea of a massage was to rub my back and bum for 50 minutes whilst she rattled on insanely about how everybody in the world has a problem. She thinks all punters are stupid, the entire world is on drugs, if not street drugs then prescription and that everyone is inferior to her.

She wont let you touch her.

I was relieved when she asked me to turn over so she could wank me off. Nearly fell asleep a couple of times listening to her prattle on. Shot my load as soon as she started wanking me, main excitement was me thinking about the girl I was with the week before to get it over with.

After I shot she said she was surprised I came so quick, she was just building up to covered oral.

I just wanted to get out.

Rather bizarrely, she gave me a password, in case I want to go back and not face all the questions she gave me on this first visit. I won't be back.

She advertises in the local papers, not sure how the hell she gets repeat business.
