The Premises:

Yes - flat was clean but sparse - very safe area and no problem finding apartment block, although Agency did not tell me what floor her apartment was on.

The Lady:

Long dark hair - very attractive in her early 20's. Great natural breasts!

The Story:

Listen guys - she is a very nice person - but doing this job is not her thing! If u want to fuck a living rubber doll - than this is the girl for u! If u want some interaction - don't waste your money! At the very best - she is a ?150 girl and only because she is lovely and has fantastic natural tits! She should not be doing this job! There was no French kissing, in fact - the kissing there was with a closed mouth and just pecks! BJ was OWO - but not great! She hardly touched me and I had to tell her to do simple things like touch my balls for extra stimulation! Her tits were really sensitive, so could hardly immerse myself in them ? which for me was the whole idea! Ended up having a lying down tit wank. Afterwards, she cleaned herself up and didn?t even offer me a fresh wipe! I had to ask for a drink! Like I said - nice, sweet girl - but a complete waste of money! I tried for a second round with 25 minutes to go, but she reluctantly agreed to another wank which she showed no enthusiasm for. (As I knew without any interaction from her, a second round shag was not going to happen as my boy needs more stimulation from the other party!) She was more interested in getting some sleep! She was completely disinterested and unresponsive! If u want to donate to her as a charity, go for it! If u want a good fuck and suck - go somewhere else my friends!!
