### The Lady:

Tall (in heels) slim brunette with curly big hair. Smartly dressed in a sexy, figure hugging red dress. Web pics don't give much of a clue to her appearance. She is attractive and very slim. Stated age on website seems about right

### The Story:

From the spoilt for choice, fertile fields of London to an overnight in Cardiff, where the working girls are much fewer on the ground. Roxanne is a true independent, escorting because she loves sex and enjoys the freedom of being her own boss. She's a chatterbox and quite sassy, so fun to be with and I enjoyed our drink in the bar almost as much as the action in the bedroom. She told me she loves sex and she was not fibbing. After a sexy and deep blowjob she slipped on a rubber and proceeded to fuck me like a trooper. She wriggled and writhed and thrust and pounded her way to at least two if not three orgasms while I really enjoyed the ride. She's noisy, gaspy and breathless, grabbing mouthfulls of cock between shags, then urgently ripping new rubbers from their packaging with her teeth and climbing on board for more. By the end of it I was knackered as was she. Bloody brilliant, and miles better than your average fake London girl. I'd say Roxanne was one of the 'must do's' of Cardiff, but I can't think of any others!
