The Premises:

I only had a couple of hours to spare and saw a positive FR for Sheila at this place so thought I'd try my luck.

It is a publicly advertised massage parlour on one of the roads in town. Felt a little exposed, but the inner door was answered quickly and I was led inside to see Tilly

The Lady:

At a guess, late 30's tanned skin, size 12 Latvian lady. Not ugly.

The Story:

Was offered a list of tariffs before opting for the "special" for ?90 as I was told that this has oral without, although this is more than I would normally pay, I didn't have a lot of time to spare so paid and was led upstairs.

Standard stuff for a parlour, two rooms, bathroom, en suite shower in the room.

Was asked to lay on my front on the bed and I opted for a massage, which started out good, but it soon turned into a half-hearted rub a few fingers across the back with no thought.

When I turned over, I was offered "oral and to cum on me or her body" or, "oral and then sex with a condom". I normally go for oral all the way, but I thought I'd try the sex.

It turned out that the condom was for both the oral and sex, which seemed very expensive! But I let her carry on. She made every effort to look away from me and only spoke when asked a question, which was very off-putting. I managed to ask for 69, as she didn't understand reverse oral, etc. She did allow this and it's the only positive really, as she also didn't stop me from rimming, which I've wanted to try for a while, but always bottle it before asking, but I figured I may as well get something for my money!

I rolled her off to finish me cowgirl, which she did, but only let me in about half way at a 45 degree angle, but at this point I just wanted to cum and get out!

I should add that she wasn't nasty or rude at any time, just uninterested and if I'd paid ?30/40 I wouldn't have seen it as a problem.
