The Premises:

A very quiet clean semi basement flat in quiet residential street just off Kensington Church Street near the High Street. First timers are directed to nearby location then a call gives you address.

The Lady:

Lauren is a buxom blonde probably in her early fifties with the right tits to go with it and come hither eyes.

The Story:

Being a bit of an oral specialist I was keen to give Lauren a try. No disappointments here. Lauren is a queen of OWO and has a fantastic knack as previously noted of knowing just how quickly you are going to cum. She is able to adjust her technique to bring you near to cumming several times and then swallow the lot.

Another surprise if you ask rimming is offered at no extra cost and she sure knows how to administer that. Her technique is so thorough I was not able to take up the challenge of a further session but that is also freely available and by the way there is no clock watching.

She is also fun to be with and enjoys a glass or two.
