The Story:

Bentleys can be a huge hit or massive disappointment depending hugely on the girl. During a visit the day before to see Jasmine, I clocked Natalie and decided to get a go on her incredible body when I got the chance and checked on the site to see she was working.

This girl is quite young but very well built - clearly piling on the pounds and it's all going to the right area. She's curvy without being obese and she has a massive, gorgeous, wobbly and sexy big arse.

She was wearing stockings and a basque in quite a burlesque fashion and led me to the room. Straight on with a decent back rub before I turned over and she got totally naked for me. She started wanking me off and rubbing my helmet on her tits, which I also gave a good sucking. I started spanking and grabbing that huge bare-naked arse and got very excited very quickly.

I decided to skip the BJ and straight on with a fuck. She handed me the rubber which I applied myself (I actually prefer doing this) and I got her to straddle me and guided my cock into her wide and wet shaven pussy. She definitely knows how to ride and I enjoyed watching her boobs bouncing as she went to town.

After a few minutes I decided to swap to doggie, and my word, as an arse man you cannot beat this experience. I built up a rhythm and started pounding her, watching her arse cheeks wobble and shudder like mad. I started spanking her (which she told me she loves) making her cheeks go red and then grabbing onto the rolls of her cheeks as I hammered away. This was possibly the best doggie experience I have ever had. After a really good going over, I exploded inside her and filled the bag to bursting point.

She was friendly afterwards during the clear up.

As I say for ?35 for a quickie, Bentleys is always worth a punt, but if you have a thing for the big booties, then seek out Natalie - you will not be disappointed.
