The Premises:

Nice little house a few minutes walk from the tube station. Pretty easy to find.

The Lady:

Definitely her in the pictures. Tall, British Sri-Lankan lady, dark caramel complexion, long flowing black hair and some stellar legs, which I think are easily her best feature. Very pert C-cup breasts too were nice. She wears glasses a lot and likes to read, so for you guys into role-play, a sexy librarian maybe??

The Story:

Firstly, I found her on that "other" site where her rates are slightly different and only realised today that she had her own actual page where she goes by the name of Anjali, but definitely the same person.

I kept having to change our meeting times coz I was being messed around by my previous meetings but she was understanding.

After I got in and dealt with paperwork, there was a bit of an awkward silence to begin with, through no fault of hers coz I'd had a really long day and my mind was elsewhere for a bit.

Moving on, she proved to be a REALLY passionate kisser, an actual proper GFE provider for once and pretty easy with most things. I'll keep it short: FK, RO, FK, OWO, FK, main course with FK.

After finishing, she didn't seem too chatty, so I'm guessing we didn't really click or whatever. She also had someone coming soon, so I didn't want to delay her.

Proper, proper GFE in bed at least (did I mention that she's a passionate kisser?), but I would have liked to have had a bit more of a conversation with her, coz she seems really nice as a person.
