The Premises:

Ground floor flat near the main train station, free parking on street outside. She apologised about (several) other people moving around inside the flat, just outside the bedroom door. this was a bit off putting to say the least.

The Lady:

Italian girl. Her profile says 21, I'd say 28. Her profile also says she's a size 10, I would say she's a size 14 at the very least.

I must say she takes a good picture, they're recent and not photoshopped, but in real life she looks older and larger.

The Story:

I should have known, at ?50 for half an hour this would be like visiting a walkup and it was.

Her profile states she offers french kissing, she doesn't. I wasn't allowed to touch her pussy, yet Her profile says she offers fisting?!

Sara was very evasive, several times pulling my hands away from her, turning her head away if I went anywhere near her face. This really killed it for me and with nothing much else to do I just let her ride me to completion. I was putting my clothes back on within 15mins of walking through the door.

She needs to change her profile, as all she seems to offer is a quick pump and dump service. At least she has the price right, but I pity the poor sod that books her for an hour!
