### The Premises:

I dont know if i am allowed to mention Hotel names here but Kareena is located in a good quality up market hotel, her suite is perfect with everything catered for.

Its easy enough to find, lets just say it's a big one and you cant miss it.

There is loads of parking, however i would mention that you should make sure that you have some change/cash with you for the parking machine.

### The Lady:

perfect in every way possible!

### The Story:

I had the pleasure of having Kareena for breakfast in more ways than one ;-)

WOW what can i say guys, i have seen Kareena a few times before, but this was the 1st time i have seen her after her breast enchantment sugary, and wow what a good job the surgeon has done, they look and feel 100% natural, the nipples look fabulous and are still very sensitive.

Ever fancied an Indian ? look no further Kareena has the perfect mix and balance between east and west. It has been a altime fantasy of myn to see a Indian lady, Kareena is just perfect in so many ways, beautiful eyes, a curvaceous figure, her hair is so smooth and silky and best of all she tastes totally divine.

A work of caution guys please be gentle with this lovey lady for the next few weeks as she has recently had her assets enhanced.

Kareena is most deff not a clock watcher and i genuinely get the feeling that she actually enjoyed the time which we spent together.

I can not recommend her highly enough.

It was not the first and deff not the last time i see Kareena, Look after her guys she is a real star !
