The Story:

I originally had a booking with Beth but on the day the agency could not get in contact with her. The agency lady was confused but tried to recommend another girl to me. She came up with Tiffany and Jenny as two choices. She even arranged that Jenny would be available for the same rate as Beth at ?200. I went along with it and made the booking. This turned out to be a mistake.

Jenny opened the door wearing a very small pink dress and high black heels. Absolutely stunning. Unfortunately her personality didn't match her perfect looks. She was displeased with me giving her ?200 when she said her rate was ?250 even the agency must have agreed that with her.

She hurried on to the bed where we undressed and I laid on my back. Jenny took a condom and applied it on my cock right away. Obviously she didn't plan any oral. She rode me and changed positions once every five minutes. She didn't like kissing and complained when I wanted to touch her breasts. At one time she was texting on her phone and asked me to cum quickly. She said she had another booking at 10pm made with another agency. I came in the condom on her request so nothing would stain her bed. Jenny had me escorted to her front door and had me out 35 minutes after I entered.

I really don't know how to blame, Jenny or the agency. Jenny clearly offers very limited services and that might be okay for some people. She double books with two or more agencies leaving the client with much less time than advertised.

London Pussycats is a new agency and it shows. They obviously don't know the girls and the services on offer or the girl (Jenny) promises to deliver services she won't do.

I talked to the agency and they have promised me a discount on my next visit with one of the girls.
I'm not returning to Jenny that's for sure.
