The Premises:

Diamonds is a clean discreet well run place, nicely decorated with ample parking next to a public car park.

The Lady:

This lady was a lot older than i expected, she is without doubt in her 50s, I feel that punters should be aware of how below usual standard this lady was, she was overweight and her figure was dreadfully out of shape. Facially - challenged, in no way an attractive older woman, harsh masculine features. I am sure she will have her regulars but believe me she is for the niche market, that of granny sex.

The Story:

Despite my seemingly harsh but honest comments above, this lady was pleasant, she would not do doggy, no explanation as to why, there was no watching service, admittedly not her decision but something which I do occasionally enjoy from time to time and is universally available in the larger more professional establishments.

A pleasant person but very disappointing aesthetically.
Be very careful on a Saturday at Diamonds.
