The Premises:

House of Divine. Dead easy to find although I amazed that you just walk in off the street. Is there anywhere nicer or safer than SW7? I doubt it. Absolutely nothing wrong with the place except that the shower could do with a bit of a spring clean.

The Lady:

Alex is blonde, tallish, curvy and possessed of the finest pair of breasts I have seen for some time. I don't know if they are all hers but no-one else seemed to be staking a claim. She has a clit ring which I was extraordinarily careful with and a belly button thing which was both distracting and tasteful. As one who favours tall skinny brunettes, I was pleasantly surprised by her figure, which was also wonderfully soft to the touch and smelled good too. She has a great personality too and I felt totally at ease with her.

The Story:

I had noted that Alex offers some lighter forms of domination and thats what I went for, leaving it all up to her (poor girl!) to come up with a plan, which she did most effectively. We agreed that I would aim to cum the once towards the end of the session, although where was left a bit up in the air (by me). I enjoyed myself immensely while rimming her and licking her very cute pussy, then I was ordered to suck her toes which I was very happy to do as they were really very nice toes. We also did some 69 and she sat very delicately on my face while I continued to pleasure her orally (and inflicted a bit of damage apparently, although quite by accident) At some point she gave me some very gentle oral without, played with my bottom (still not sure about this mind) and she also inflicted a little pain, both with her hands and with her teeth (guess!) but all done very gently. We went round in very pleasant circles until she decided it was time to put the condom on and get down to it. She started on top and I was very happy about that indeed, then we went cowgirl-ish to a very satisfactory completion and cuddled and chatted quite seriously after that until the time ran out.

As one who has favoured the east Europeans and the CIM finish lately, it was a real treat to have good old fashioned sex with a lovely lady, who's first language is English, and who is a very nice person to be around. Definitely an experience to be repeated but I must remember not to get teeth

where they shouldn't really go - sorry.
