The Premises:

The shower curtain had 12 rings, but only 11 were attached.

The Lady:

Long-legged Lithuanian with a bobcut. Definitely bedworthy.

The Story:

I was going on a shopping expedition and decided to pop into Milton Keynes Escorts for an adult pit stop. The maid welcomed me with a beaming smile and a flirtatious shake of her long blonde hair. I handed her a Twix. She looked surprised. "Is this for me or for one of our gorgeous girls?"

"It's for you. And yes, you are a gorgeous girl."

She blushed right down to her shoes. "Thank you. Can I get you a cold drink?"

"Yes, orange juice, please."

She returned promptly. "I'll leave it on the bedside table for you."

She was so polite I wanted to throw her on the bed and show her some appreciation.

Sabrina was running late so I had a few spare minutes to simmer in anticipation. I pressed PLAY on the CD player and listened to some Chill-out Classics. Before the end of the second song, the door opened and in walked Sabrina. She looked lovely: a long, lean brunette with a sparkle in her eye and a mouth made for double-decker sandwiches. She glanced at the clock. I glanced at my watch. Playtime had begun.

She didn't appear to be wearing any make-up, but to be fair, her natural beauty needed no enhancement. She whipped off her dress, bra and panties and threw them on a chair. Suddenly she stopped, as if struck by a thought. "Oh, did you want us to undress each other?"

"There's no need." I dropped my trousers. "I'm ready for mischief."

"So I see." She licked her lips, "What do you fancy doing today?"

"I'd like to cauterise your colon with my red-hot poker."

She stepped closer and knelt down, "I hope it won't burn my tongue."

After a minute or two of oral, she grabbed me by the cock and led me to the bed. I lay down for

some fun & frolics; she parted my legs and licked my bollocks. Then she treated me to an extended bout of oral without while staring into my eyes - she looked as cute as a bush baby. After 8 minutes, she mounted me in Cow Girl. The combination of neck kissing, ear licking, French kissing and hip wriggling was too much for me to bear - within 2 minutes a climax overwhelmed me and I was left panting like a dog in a locked car.
