The Story:

A Thursday evening decided to see someone i had never seen before - Billie came to mind. I arrived a few minutes late and waited anxiously in the room for her entrance. Its heavenly when you here the footsteps of the ladies shoe on the wooded floor.

She entered and the race had begun. Full on kissing DFK style and this was just the start!... What happened in the next half hour was a thought i will cherish till the next time as i think it should be kept private what happened behind the bedroom door.

Thank you for the unforgettable experience and if your reading this i was the bricklayer and Martial Artist.
