The Lady:

Pammy describes herself as a SSBBW, Super Sized Big Breasted Black Woman, so don't expect Beyonce to open the door or you will be disappointed, Pammy is a big girl nothing left to the imagination and all held in with a very thin strap!

The Story:

Hitchins best kept secret Pammy is big beautiful fun to be with and the ultimate girlfriend experience, total satisfaction the thrill of a lifetime. We lay together her kisses were soft not "eat you alive" as the squirming of our intertwined bodies became became urgent passionate and the searching took over as her hand found my now erect manhood gripping the shaft and relaxing again as my urgency approached.

She lowered her head and took me deep into her mouth her soft lips gliding slowly up and down as my pleasure heightened and I motioned her to stop and moved down on her for my own piece of the oral action. Pammy got wet very quickly arching her body then falling again as her own orgasm neared her hand now wanking me furiously as I devoured her juices my tongue now deep inside her.

I came up for breathe as the rubber was expertly applied so as not to lose momentum and I was guided into the place of dreams. More of the same happened as the hour sped by, too fast for my liking. A gentle withdrawal and Pammy turned over and offered me the sight of her ample buttocks, now on her knees and lifting up for me her pink lips wide open ready for me glistening with her juices as I penetrated her deep and long as we shuddered together in inison my spunk eruping until spent.

A wonderful interlude with a master of her trade, book me again Pammy i'll be back. ?100 well spent and worth every penny. Half hours are available I believe.

Hitchin has awoken, so now have !!
