The Story:

had a haircut and asked about massage and was lead upstairs by a nice lady via the rear of the salon, met sasha and was lead to a small room with a massage table and was offered a glass of champagne which i thought was a little weird at that time of the morning, fairly good massage and was offered hand relief for ?10 which i duly accepted, no rush at all happy ending and all in all a good time had, little off putting was next door i could hear some people talking very loudly in chinese consistently so had a little trouble trying to relax but im sure must have been a one off
