The Story:

This is a brothel, not an agency, so don't be fooled.

Remember the bad old days when everything cost extra? Well, welcome home. I thought the days of "that'll be extra" were long gone what with the internet and field reports and such, but apparently not.

Isabella was uninterested, and didn't really want to be there. At ?80 for the half hour I incorrectly assumed that owo would have been on offer, bit sadly not - "that'll be extra..." My own fault really for not sticking with agencies - at least with an agency you have a good idea that the girls all offer the same things.

Definitely won't be returning. If the girls don't really want to work in the business, they should get a job waiting tables. A final word of warning - if services aren't listed in detail on the website, that's probably a good indication that they'll try the "extras" route. My own fault really, I've been doing this long enough to know better.
