### The Premises:

House on a quite street. No problems of neighbours or anything else. Shower was available to freshen up.

### The Lady:

Sandra is a large lady in late 40's I would imagine. Semi blond hair and her breasts appear large, but a good handful when in the flesh!

### The Story:

This is the second time I have seen Sandra. The first visit been better than the second anyway. One the first visit she rimmed me with Gusto, but she does not advertise that anymore - but did it to me anyway (she did mention it to me). So that was a bonus.

Attempted anal, but it just did not work out for me so I stopped. She was just too large for my frame in all honesty & was a bad idea I guess lol.

69 followed with her on top where I exploded in her mouth.

I was hoping for a second (as per previous visit) but she had calls on her phone coming in, etc. She asked if I wanted a shower, ie. my cue to go. I said yes and was out in less than the allotted hour.

In summary I was hoping for a repeat of my first visit but it was just not the same.

I won't visit her again and will try slimmer babes in the area or House of Divine for some classy women. But Sandra is not bad.

Would I recommend? Well I won't say no; it depends if you like a slightly larger woman and more middle aged than not.
