The Story:

But unfourtunatley even though I booked for two hours I was barely aloud to touch her. Started off promising as she rushed to undress me but thats about as good as it got. as any attempt to even peck her on the cheek was a rebuffed p.s I am hygenic and have never had this problem before. I even accepted her requested to shower Dont ask me why coz when I attempted daty on her after about 60 seconds I was ordered to stop. ok I thought maybe she was keen to return the favour. So on the with the mac even though I checked with the agency before and they assured me that she performs owo. she insisted that she has never and will never do this. She proceeded to perform her oral but it felt more like a hand job as a my tip barley even entered her mouth (I dont even know why she bothered with the mac) and on the rare occasion that it did her technique was so awful using her teeth trying to force me to finish. after about 5 mins I could take no more of this. So decided for some doggy big mistake as after about 3 mins of this she kept complaining that i was taking too long even though i had over an hour and a 40 mins left. and any attemmpt of remote intimacy such touching her breasts or rubbing her back was met by "Baby I don do dis" The longer this went on the more i realized this was just a non starter. I got dressed and left time spent 20 mins. ?200 down the drain. to sum it all up Andra is in the wrong job. and its a shame that girls like this give this normally good agency a bad name.
