The Premises:

Usual well reported CMK location. Plenty of free parking after 18:00. Room was clean and tidy had been decorated. Looks like doors had been replaced which made the rooms a little more soundproofed than previously.

The Lady:

Even better than I remember - Looked absolutely stunning in her sexy white one piece with no knickers and a dark spanish tan ! Fresher and fitter than ever - She looked very healthy with a little added weight and a PERFECT body:)

The Story:

Well I originally booked another girl tbh, but due to a couple of late punter arrivals I had to wait which was not ideal as it was my first visit to Annabella?s in 6 months. Lottie however kept me entertained and supplied with drinks. When the girl did become available I was sent to the next door flat to see her. I was met by a girl who looked non- too keen and explained that she was only up for 'basic services' today. Not really what I wanted to hear after waiting 20 odd minutes for her - so I walked! I called Lottie from my car. She was very helpful and apologetic, and invited me back to meet the girls who were available and who were 'up for it?! She also offered a discount as compensation which was very nice of her.

Eva then Suzi came into the room. After a nice chat with Suzi regarding some past misunderstandings, I decided to choose her because she is such a lovely person and I then realised how much I had missed her lovely company.

After some lengthy and enjoyable conversation on the settee we eventually ended up on the bed and enjoyed a very passionate time together. Her kisses seemed to have a lot more intensity and it was a real joy to be re-entwined with her once again :) It felt so nice that I overran a bit and mistimed my punt to the point that the final out-cum never happened !! Suzi explained that we spent too much time talking!, but I enjoyed it so was not at all upset. I really loved seeing Suzi again and left Annabella?s on cloud 9 with somewhat weaker legs! It is sometime since I left a punt feeling quite so good. So, it looks like Suzi is definitely back on my regulars list again. And I really look

forward to seeing her again when our respective schedules allow:)

IMHO Suzi has matured much since our first meeting last July, and provides a very polished and classy GFE that many other girls would find difficult to match. She delivers her service in such a natural manner and with such genuine care that you actually believe she means what she says ? and I know I am not the only one who has reported on her in this way. As someone once implied, she will be a great catch when she retires and has her family. If she looks after her kids like she does her customers, then they will be very very lucky indeed! ;-) Need I say more?

So to finish, it would appear that fate can play its hand, even when punting!

Thank you Suzi - I look forward to the next time :) xx

PS. Thanks to Lottie also for handling the unfortunate issues so well and assisting fate on this occasion :) I'll be back if you'll have me!
