The Story:

Let in through outer door but then told to wait when I reached the flat door in question which was not ideal as the cleaner was also in the hallway. Adelyna very pretty as pictured with flawless skin. After turning on the tv to channel 4 I was told to undress while she went off to count money and call agency. On coming back into the room she stripped off and reached straight for a condom all rather perfunctory. Not wanting a covered BJ, dined for a while at the Y but she seemed more interested in the telly. She seemed in a great hurry and after doggy and mish finished with her hands after which she left for five minutes to clean up. She had already indicated that that was all 'you think you can fuck my pussy for an hour' - there was me thinking that's what I thought the deal was!! I do not necessarily expect a GFE from an eastern european but the sheer lack of effort spoilt what could have been a great punt.
