The Premises:

Her flat is in a very central location close to Victoria main line station.

However make sure you take a bottle of oxygen with you as her flat is at the very top of about 6 steep flights of stairs.

The flat itself is small but clean

The Lady:

Jodi is in her mid to late 30`s. she is about 5`6 tall with dark curly hair. She has a large pair of breasts which love to be sucked with lovely hard long nipples!

The Story:

My meeting started with a sit down after climbing all the stairs, I was offered both a cold drink & a shower which is in her room.

She asked me to strip off & lay down on the bed face down & gave me a great massage using her chin! lips, tongue & nipples! yes I know what I said nipples! there were loads of credit card swipes along my bum & loads of dick play with both hands gently touching.

When i turned over her great breasts were stuck into my face & i had a good old suck & they & her enjoyed it, you could tell how her nipples grew hard.

She then gave me one of the best uncovered blow jobs I have ever had! whilst she was sucking & rubbing my dick she also licked my arse!

When i did cum she commented on our much spunk I had

all in all it was a great meeting
