The Premises:

Block of new flats in centre, not easy to find by the directions given (Not by Mistress Helen) but got there in the end.

The Lady:

As her pictures, a stunning Mistress.

The Story:

Once we sorted out I wanted domination and humiliation she snapped into the Mistress role and everything flowed perfect.

This was my first time with Mistress Helen so I guess she was testing my boundaries but a lot of stimulation and different implements used.

Next time I will pre warn her what I am coming for to give her time to prepare, sorry Mistress.

I have been to see a few different Mistresses over the years but I am sure I will be sticking with Mistress Helen as she is very good and allows the type of ending most submissives are looking for.

Let her treat you as she requires and you will be rewarded lads and don't be shy you only live once.

I will be back as I cant wait to see what different things she has in mind.
