The Premises:

Usual place off Welford Road that I've described many times.

The Lady:

YoYo is a petite Japanese lady. Long black hair. Slim fit body with small tits but the biggest nipples on the planet. Difficult to tell her age but very pretty (not to be confused with the YoYo I met in Burton on Trent sometime ago).

The Story:

Waited in the living room whilst a punter left and she freshened up. Started with few kisses whilst I got my kit off. Not exactly DFK but nice enough. Some back massage and then turned over to suck those huge nipples - I kept wondering what size they would be if I could get then hard. But didn't manage it. She started to get me hard and she offered OWO for an extra ?10 - which I readily agreed to. It was great - deep throat, licking along the shaft & tip, around my balls and all the time lots of eye contact. I couldn't wait to fuck her and so on with the condom to take her deep in doggy. Finished with a relaxing massage with attention to back, shoulders, arms and legs. A punt which has restored my faith in this leisure activity. Would like to see her again but the girls change every week here.
