The Premises:

Block of flats right opposite the tube station, very easy to find. The flat itself is adequate. Although, I'm pretty sure I heard other voices in the other rooms which kept me on my toes...

The Lady:

Fair-skinned African lady (think Beyonc? skin-tone), slightly petite height, great big boobs, curvy but smallish figure. Says she's from Ghana. A proper African beauty.

The Story:

After coming in and sorting the paperwork, she returned and got herself ready, after digging through her drawers for the necessary bits and pieces. From the start, I noticed that English wasn't her primary language so communication was a bit cagey. She was rather submissive most of the time and made an effort to get me going but, bar her good looks, she didn't exactly set my world on fire!

I decided to give her some head which she seemed to like as she was making the right noises. I ended up skipping oral altogether coz she's a stunner n went into mish, doggy n finishing with her on top. Had to ask for a massage afterwards, which was alright. Chit-chat was difficult n I felt like she wanted to talk more but felt restrained...

Overall, lovely looking-girl, but I felt like she was holding back... Hope it isn't anything too sinister so I wouldn't return on that basis.
