The Story:

To sum up Izabel in just a 2 words, would be: AMAZING - AWESOME!

Well, it should be said very frankly, that I never ever found such a GFE experience in this entire industry! Izabel, besides being beautiful and in great shape, besides being so very lovely and very intelligent, she is absolutely devoted to make her client the happiest person on earth! I have been with many other girls in the past but I never had such a great experience before like the one I had with Izabel.

I should first mention the reception I got as I came in: minutes before I met Izabel the receptionist offered me a cold glass of orange juice and introduced me to this very posh bed room which right away made me feel like a king. Then, when Izabel came in she was welcoming me with a gorgeous kiss and a wide hug as if we have known each other already for many years before.

Now, after searching for a suitable music channel, she started moving and dancing around like a professional dancer where right from there we started heating up for real business. I'll try to make it short as possible: At first we took it to a very calm level which gave me the real feeling of a GFE. We kissed - DFK (and I literally mean - hardcore DFK) and hugged a lot and then I slowly started working on Izabel's beautiful body. I went down there to the right spot and gave her a nice few minutes of gentle licking and fingering. It was amazing to me how quick she got wet and actually reached orgasm. She of course liked it a lot and told me what a naughty boy I am - having the perfect skills to turn on the right places. She then returned the favor big time and while kissing and cuddling softly she gave me one hell of a great OWO. Then, we went for the 69 position and finally gone to missionary and sealed the deal while in her - covered of course.

Just 40 minutes have gone by, so we took a nice break where I offered her to join me for a cigarette. This part for me, was the hottest point of that experience, since we both laid back on the bed naked and were smoking together while I was enjoying the beautiful view of her body. After we finished the smoke and the chatting we then went for another ride. Izabel was overwhelmingly nice and gentle. she worked really hard again and again to satisfy me. Although I had a hard time performing for a second time, she worked her ass of even more than at the first round, to the point which I would not be able to resist meeting her again in near the future.

Actually, in that 1 hour period of time, we went through almost all positions possible including doggy style in front of the mirror which by the way, is a fantastic idea and kind of a nice fantasy. In conclusion, let me tell you this: like many others who wrote about Izabel - she is worth every penny and dime! She was a great friend, a great lover and a great sex partner all combined in one beautiful package!
