The Premises:

The flat was very clean in a nice and safe area of Edinburgh, within easy travelling distance from the city centre.

The Lady:

Victoria is slim, with short blonde hair. Long smooth legs and curves exactly where it counts. She has a C-cup just although her breasts are an excellent handful and her nipples stand to attention at the lightest touch. She has a fantastic arse, plenty to grab hold of but nice and firm.

The Story:

I was very nervous as I had never visited an escort before. Victoria quickly put me at ease with relaxed conversation. We started by kissing, she is very tactile and I honestly felt like I was with a girlfriend within minutes of being with her. After that we moved on to oral with out. Victoria began with some shallow sucking but soon I could feel her throat. Her oral skills were fantastic. We moved on to protected sex, doggy style. Very hard and energetic sex, this lady loves sex as she played with her clit as I pounded her hard, she asked me to slap her arse several times as she appeared to cum as I pounded away with a handful of her blond hair in my other hand. After this she finished me in her mouth as I watched in a full length mirror - all in all it was mind blowing. Will definitely be visiting Victoria again.
