The Premises:

Cherry's place is easy to find just off Queensway. Her flat is well proportioned and there's enough room for everything. She has a fridge in the bedroom which was well stocked, mainly with small bottles of red and white wine. I opted for a beer.

The Lady:

When I arrived Cherry was wearing a light, see-thru muslin top and no bra or knickers. She looked slightly older than her on-line photo's, but she resembled her pix right enough. She sports a huge, fulsome pair of baa-baa-bangers! As others have reported previously, Cherry is an open and bubbly character who hits you with her full-on personality. She's energetic and she busies herself about you as she darts from mobile phone to laptop to fridge.

The Story:

Proceedings started off with a shared bath. What followed was 10mins of raunchy fun and was an experience that I hadn't had since the days of Taylor. Cherry started with the functional requirements of washing down each of my limbs in turn. Then she turned her back to me and slid down my torso into the bath. I welcomed the sight of her tattooed back sliding up and down on me and I reached forward and cupped her heavy breasts. She responded by leaning her head back and we kissed briefly. Cherry then turned round to face me and she propped each of her feet up on the rim of the bath and used her body to glide up and down my torso. On her upward stroke I tried to kiss her dark oval-shaped pussy which looked so inviting before my mouth. She giggled and said ?no? and kept on sweeping herself up and down me from my chest to my groin. She continued with this raunchy playtime and then took up a kneeling position before me to give me a lovely BJ. The hallmark of Cherry's BJ is her DT and for a few minutes I was to experience her nose up against my pubic area a number of times.

Back in the bedroom there was porn playing on the flat screen. It was about a fella who was about to get it on with 2 women. I remarked that there was a lucky guy. She replied ?you lucky guy too!? and how right she was!

I spent some time on her globular breasts. This lead to DFK. I then got on top of her and placed my

cock onto her stomach as Cherry gyrated away beneath me. We clinched together before I broke off to spend a few minutes sucking and teasing her left breast. Cherry then moved further up the bed, reached to the bedside cabinet and grabbed a tube of lube, and there laid out before me was her inviting pussy as her legs formed a W shape. So I dived in and then I spent over 5mins giving her clit a tonguing and a licking action as Cherry writhed away in front of before. There was no doubt that she was enjoying it. Then I lay on my back as Cherry went down on me. Her BJ was vigorous and deep. She blowed me frantically, and after a few mins I raised her head from my cock. She understood and said 'you cum quickly??' Wouldn't anyone, I thought to myself, given this level of treatment. So Cherry climbed up onto me and we kissed. I then got on top and placing my knees either side of her I let my cock dangle near her chin. Cherry understood, and wiggled herself into position and took my cock into her mouth. Even lying prone her head went at my cock like a piston. I took about a minute of this before exclaiming that I'm about to cum. In response, Cherry looked up at me and increased her head action and took everything I had to give.

After a recuperative chat and playing with her breasts, Round 2 consisted of more on-going OWO - on the edge of the bed, me standing in the middle of the floor and then with me lying on my back on the bed. She did it DT and vigorously.

I left her flat drained and sauntering down Queensway on wobbly legs, reflecting on a fine hour with a whirlwind of a woman
