Clean and safe parlour.Exellent establishment.

The Lady:

Gorgeous blond with a very pretty face. Fantastic tanned figure with enhanced boobs which normally I'm not too keen on but these were very well done. I'm not too sure of the colour of Siennas underwear as it was swiftly discarded and I was distracted by other things.And as I was about to discover a really warm and friendly personality.

The Story:

A sensstional experience. Sienna asked if I wanted a massage but I declined and she started to gently kiss me with tongue and stroked my body working her way down to my cock and balls. It wasn't too long before she was sucking my erect dick. Her skills are so oustanding that I had to ask her to stop on three or four occasions as I was so close to the edge, and god bless her she did. Sienna said yes when I asked if I could go down on her. I gently sucked and licked her clit for several minutes until either she came or she gave a performance which could have been nominated for an academy award.I could have been down there for the whole half hour or longer. We finished off with more oral whilst I sat on the edge of the bed with her on her knees and me finally wanking myself of into her open mouth although some did dribble down her chin. I told her afterwards that it had been a "wonderful" experience and she seemed to be a little taken aback by this. Don't other customers compliment her on her talents? I got onto the train at Crewe station and noticed that my hands were trembling from the experience. The only regret I have is that I didn't stay for an hour.
