The Lady:

Nothing at all like the photos on Lillyfields.com website, but she was striking and good looking. She looked around the same age, but was darker in real life. I almost wanted to check the site whilst she was there to make sure I had the same girl.

The Story:

She was described as adventurous, but she wouldn't FK, yet alone DFK and whilst she gave a good BBBJ, she was very keen to proceed to penetration as quickly as possible. She face sat, which usually I enjoy, but she had more stubble than me and she scratched my face, which wasn't great. She was very controlling and I was confused as to who was the client sometimes. I wanted A, but this was definately off the menu. I came in her in mish and then we chatted for a while, but her phone kept going off and she was obviously anxious to get to her next appointment. I complained to Lillyfields, but they didn't care.

I wouldn't use Lillyfieds again, even though they have lovely looking girls.
